## GLOBAL ALLIANCE FOR DISASTER RESOURCE ACCELERATION

Register: <https://buff.ly/3fDFAYY>

When disaster strikes, **disability-led organizations are on the ground** right from the start, trying to fill the gaps without equitable access to traditional disaster relief channels.

As we have continued to engage **hundreds of disabled leaders** and disability-led organizations from around the world in our Global Disability and Disaster Town Hall discussions, it's clear from their stories that **it's time for a new approach to disaster response, relief, and resilience.**

The **disproportionate impact of the COVID-19 pandemic and disasters on multiply-marginalized people with disabilities necessitates the acceleration of resources to disability-led organizations** meeting the needs in their disaster-impacted communities.

Based on input from disability leaders and funders committed to improving disaster outcomes, we're **building an alliance to disrupt exclusion and accelerate radical inclusion.** Together, we can **move resources faster and more equitably** to ensure that disability-led organizations have the tools and resources they need.

Please **join us at our launch event** to find out how you can become a part of this exciting new initiative – **it's going to take all of us!** Seeking disability-led organizations, disabled leaders, foundations, corporate partners, and all others interested in building a global alliance that **shifts power to the disability community.**
