## <u>Life Saving and Life Sustaining</u> <a href="#">Actions Needed Immediately:</a>

Identify COVID-19 infection PREVENTION as a PRIORITY in congregate institutional settings (nursing facilities, long term care facilities, group homes, etc.)

Governors take the lead and say "we can mitigate the disaster in these institutional settings, where the majority of people are dying from COVID-19, by offering relocation to non-congregate sheltering (like hotels, motels, dorms) for people who want it."

Following the FEMA homeless non-congregate sheltering approach

- <u>California's</u> Approach
- <u>Connecticut's</u> Approach

Utilize FEMA Public Assistance funds to prevent admission, promote & support safe relocation.

- Category B—emergency protective measures
- In conjunction with new <u>FEMA</u>
