Question 1: Do children still need parental/guardian consent to get a COVID-19 vaccine?

Answer 1:

On Monday, May 10, 2021 the U.S. Food and Drug Administration (FDA) expanded the emergency use authorization (EUA) for the Pfizer-BioNTech COVID-19 Vaccine to include adolescents 12 through 15 years of age.

In Idaho, minors must have consent from a parent or guardian to receive a vaccination unless the minor meets a statutory exemption or obtains court approval to provide their own consent. Vaccine providers should consult with their legal counsel if they do not intend to require parental consent from minors. The bottom line is, it's up to healthcare providers to determine if the minor has the ability to consent to their own care.
