

Disaster Resources for Caregivers

Webinar

FEMA

About

FEMA will host a webinar on Wednesday, Nov. 8, 2023, focusing on caregiver in disasters. The event will provide an opportunity for FEMA, the private sector, academia and nonprofit partners to engage with each other and enhance their mutual understanding of disaster assistance resources, capabilities, and mechanisms supporting caregivers. Co-hosted by [FEMA's Voluntary Agency Liaisons](#) and by the [DHS Center for Faith-Based and Neighborhood Partnerships](#). It will include:

- A discussion among public, private and nonprofit organizations.
- Highlighted resources, tools or examples of practices that highlight different approaches to supporting caregivers before, during and after disasters.
- Contact information and how to stay connected.

The agenda also features “[Take Control in 1, 2, 3 – Disaster Preparedness Guide for Older Adults](#),” and a “[Guide to Expanding Mitigation Marking the Connection to Older Adults](#).”
